PROJECTS

nDexio • 2020: Designed web app in collaboration with Helloadvisor for entrepreneurs and business owners that provide them different market and pricing strategies for their business.

Teenboost • 2020: Designed mental health support mobile app for demographic groups of teenagers ages 11 - 18.

New India Bazar • 2020: Redesigned an e-commerce website for a local ethnic grocery store.

Madi Eco village • 2019: Involved in designing and drafting architectural drawings, site supervision of homestays in Madi, Nepal. Communicated and presented ideas with clients, consultants, and local authorities of Madi village.

Sagarmatha Next • 2018: Led a team of four to build a 1:50 scale architecture model of a center where waste from Mt. Everest will be up-cycled into art i.e located at 3750m altitude in Khumbu Valley of Nepal. The model was used for easy communication of ideas of the project with the local community and the building team.

Kala Gaun (Vacation House) • 2017 Led a team of three to build a detailed model of the vacation house on a 1:25 scale. This project was initiated by Sustainable Mountain Architecture (SMA) with chief architect Ar. Anne Feenstra.
